Biocept Announces Laboratory Services Provider Agreement with BeaconLBS®

July 22, 2019

BeaconLBS now offers Biocept's Target Selector™ testing for liquid biopsy as part of its laboratory management network in the United States

SAN DIEGO, July 22, 2019 /PRNewswire/ -- [Biocept, Inc.](#) (NASDAQ: BIOC), a leading commercial provider of liquid biopsy tests designed to provide physicians with clinically actionable information to improve the outcomes of patients diagnosed with cancer, announces that it has entered into a Laboratory Services Provider Agreement with Beacon Laboratory Benefit Solutions, Inc. (BeaconLBS®), a nationally recognized premier provider of laboratory benefit management technology solutions to health and managed care companies in the United States. BeaconLBS administers laboratory benefit management programs for health plans to improve test ordering efficiency, test appropriateness, affordability, and quality of care for health plan members. To better serve the needs of physicians and patients, BeaconLBS connects them to its Labs-of-Choice™, which are preferred, high-quality laboratories, now including Biocept.

"We are very pleased to become a laboratory services provider for BeaconLBS, which offers innovative laboratory management technology solutions that benefit physicians, patients and payers," said Michael Nall, Biocept's President and Chief Executive Officer. "As a BeaconLBS Lab-of-Choice, more patients will have an opportunity to benefit from our liquid biopsy testing platforms, which can help physicians identify actionable biomarkers in patients diagnosed with cancer and design personalized treatment programs in order to improve outcomes."

About Biocept

Biocept, Inc. is a molecular diagnostics company with commercialized assays for lung, breast, gastric, colorectal and prostate cancers, and melanoma. The Company uses its proprietary liquid biopsy technology to provide physicians with information for treating and monitoring patients diagnosed with cancer. The Company's patented Target Selector™ liquid biopsy technology platform captures and analyzes tumor-associated molecular markers in both circulating tumor cells (CTCs) and in plasma (ctDNA). With thousands of tests performed, the platform has demonstrated the ability to identify cancer mutations and alterations to inform physicians about a patient's disease and therapeutic options. Forward-Looking Statements Disclaimer Statement

This release contains forward-looking statements that are based upon current expectations or beliefs, as well as a number of assumptions about future events. Although we believe that the expectations reflected in the forward-looking statements and the assumptions upon which they are based are reasonable, we can give no assurance that such expectations and assumptions will prove to have been correct. Forward-looking statements are generally identifiable by the use of words like "may," "will," "should," "could," "expect," "anticipate," "estimate," "believe," "intend," or "project" or the negative of these words or other variations on these words or comparable terminology. To the extent that statements in this release are not strictly historical, including without limitation statements as to the expansion in the number of patients that will have an opportunity to benefit from our liquid biopsy testing platforms, our ability to improve the outcomes of patients diagnosed with cancer, and the potential clinical utility of our proprietary technology platform, such statements are forward-looking, and are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The reader is cautioned not to put undue reliance on these forward-looking statements, as these statements are subject to numerous risk factors as set forth in our Securities and Exchange Commission (SEC) filings. The effects of such risks and uncertainties could cause actual results to differ materially from the forward-looking statements contained in this release. We do not plan to update any such forward-looking statements and expressly disclaim any duty to update the information contained in this press release except as required by law. Readers are advised to review our filings with the SEC, which can be accessed over the Internet at the SEC's website located at www.sec.gov.
