About Biocept
Biocept, Inc. is a molecular diagnostics company with commercial tests targeting lung, breast, gastric, colorectal and prostate cancers and melanoma. The company uses its proprietary liquid biopsy technology to provide physicians with more precise information for treating and monitoring patients with cancer. The company's patented Target Selector™ liquid biopsy technology platform captures and analyzes circulating tumor DNA in both circulating tumor cells (CTCs) and in plasma (ctDNA). After thousands of tests, the platform has proven to be effective in identifying cancer mutations. Biocept plans to introduce additional CLIA-validated tests in the near term.
